CRAFTSMAN

PROFESSIONAL

**3-1/2 Ton (7,000 lb.)
Hydraulic Floor Jack**

Lifting range:
5-3/4 in. - 20 in.

Instructions

Before initial use, refer to owner's manual for air vent adjustment. Put vehicle in gear or "park", engage emergency brake and apply wheel chocks to tires.

Close release valve by turning clockwise with jack handle. Move the jack to center load on saddle. Pump handle once to reach the lift point. To lift, pump handle until vehicle has reached desired height.

To lower, turn release valve **SLOWLY** counterclockwise with jack handle, but never more than 3 complete turns.

WARNING

Study, understand, and follow all instructions before operating this device. Do not exceed rated capacity. Use only on hard, level surfaces. This is a lifting device only. Immediately after lifting, support the vehicle with appropriate means. Do not move or dolly the vehicle while on the jack. Failure to heed these markings may result in personal injury and/or property damage. Lift only on areas of the vehicle as specified by the vehicle manufacturer. No alterations made to this product.
