1. IMPORTANT SAFETY WARNINGS

The jack has been designed to lift a vehicle from 1 to 10 tons. The jack should be properly positioned on the vehicle before use.

WARNING:
- Do not allow the vehicle to move while operating the jack.
- Do not exceed the rated capacity of the jack.
- Do not use the jack for any purpose other than lifting vehicles.
- Do not use the jack if the base is not level.

2. JACK INSTALLATION

The jack should be positioned on the vehicle at the desired lifting point. The jack should not be operated on a vehicle at an angle greater than 10 degrees from the horizontal.

3. JACK OPERATION

The jack should be operated with the jack hand位于 the hand on the lever. The jack should be operated only when the hand is on the lever.

4. JACK MAINTENANCE

- Clean the jack regularly to ensure proper operation.
- Inspect the jack regularly for wear and tear.
- Replace any damaged or worn parts immediately.

5. SAFETY MEASURES

- Never allow anyone to be under the vehicle while the jack is in use.
- Never use the jack to lift a weight other than what it is designed for.
- Never use the jack to lift a vehicle that is not properly supported.

NEVER ATTACH A VEHICLE THAT HAS BEEN DAMAGED BY THE JACK!
